Professional Summary

A dedicated and skilled BCA student with expertise in Java, web development, and AI. Actively seeking a challenging internship to apply my technical skills and contribute to innovative projects. Proven experience organizing tech events and developing applications, including a voice-controlled assistant and a full-stack eCommerce platform.

Education

BCA Chaitanya (Deemed to be University), Computer Applications
CGPA:9.0/10

May 2023-2026

XII Daultapur Dalugacha Bharoti Vidyalaya, WBBSE
Percentage: 84%

Jan 2021 - Jan 2023

Skills

Java: Proficient in **Core Java**, including **Object-Oriented Programming (OOP)** and **JDBC** concepts, with experience in building desktop applications.

Web Development: Experienced in **front-end web development** using **HTML, CSS, and JavaScript**. Also, skilled in organizing technical sessions on these topics.

Python: Practical experience in **Python**, with a focus on building projects to reinforce fundamental concepts like loops and conditionals.

Node.js: Developed a file management system using **Node.js** to automate file operations.

Version Control: Experience using Git and GitHub for project hosting and collaboration

Achievements

Built 4+ self-initiated projects integrating newly learned technologies

Jarvis – Voice Assistant (Python)

Built a voice-controlled assistant using pyttsx3, speech_recognition, wikipedia, webbrowser, and os.

Implemented features like fetching information, opening websites, and managing local files/applications.
